Re: W.R. Grace & Co, Case No. 01-01139 (JKF)

To the Clerk of the U.S. Bankruptcy Court:

This letter is in response to the DEBTORS' SIXTH OMNIBUS OBJECTION TO CLAIMS filed on July 26, 2004. Lason Systems Inc filed a Proof of Claim on 3/6/03, . Claim Number 3210, along with the supporting invoices, which totaled \$283,279.92. Based on our Books and Records, this is a valid amount, and the Debtors' should not be allowed to reduce the claim amount. We however, agree, that the class claim should be a reclassified to a general unsecured claim from an unsecured priority claim. Please contact Jim Reynolds, Vice President/Controller of Lason Systems, Inc. with any questions. He can be reached at 248-837-7296. Work done was for scanning/conversion of Litigation Files.

Listed below are the specific invoices that are basis of our supporting legal argument, which represents the \$283,279.92.
